Safer Internet Workshop for Parents

As part of our ongoing parental engagement an online safety workshop was organised for parents on Tuesday 11th February. The workshop was held to help parents learn about what their child/ren may be accessing and how to keep them safe online against such things as bullying, contact from strangers and the possibility of seeing illegal or inappropriate content. As a parent you will understand how important the internet is to the children; they use it to learn, play and socialise. We were very pleased to see so many of you attend the workshop and hope this has helped you with keeping your children safer online.

Magpies Class Assembly

On Thursday 12th February Magpies Class performed their assembly to staff and parents. The assembly was based on the children's learning topic of healthy eating. The children have been working very hard practicing for their assembly, learning their lines and songs. We would like to thank Mrs. Brown and Miss Watson for helping the pupils and also the children for giving an amazing and confident performance.

Nursey Local Visit to The Post Box

On Wednesday 12th February the Nursery classes visited the local post box. As part of their learning topic the children have been writing letters and posting them. In order to continue their learning, the children visited the post box to post their letters, which will be sent to their home addresses. We look forward to hearing the feedback from the children and the parents when they have shared this experience with them once the letters arrive home.

DESIGN YOUR PERFECT PLAY SPACE USING MINECRAFT!

The Thames View Skate Bowl has been recreated in Minecraft and we want children to come up with new ideas for this space!

There will also be a Lego workshop for children to design their ideal play space using Lego. All ages welcome!
